## Groundrush

**northern star tanami operations fact sheet - nsrltd** - the groundrush deposit sits in an almost arcuate belt of sediments belonging to the killi killi formation between two major granitoid intrusions: the coomarie dome to the north west and the frankenia dome to the south east. the sediments dip steeply to the south west and host three major dolerite intrusions of which, the groundrush **central tanami project groundrush exploration update** - groundrush deposit are interpreted, by the company's geologists to extend to between 600-700 metres down plunge, between 150-200 metres down dip and between 15-20 metres wide with an expected grade range of 4-6 g/t au and a tonnage range of 3,800,000 - 8,000,000 tonnes. 1. **prodigy gold nl - filesickdimensions** - 1.6moz groundrush deposit and the 75koz crusade deposit, both currently owned by northern star (nsr). the project holds several prospective areas which prx has been exploring systematically. this systematic approach lead to the discovery and delineation of 309koz at 1.9g/t at hyperion.

**paleoproterozoic stratigraphy and gold mineralisation in ...** - associated with orogenic lode-gold deposits at callie, groundrush, old pirate and coyote, and the intrusion-hosted buccaneer gold deposit in the gto. this was a period in the history of the gto when granitic rocks were emplaced shortly before or synchronously with gold mineralisation at ca 1795 ma. **the tanami is the exploration destination of choice for ...** - • 19km from 1.6moz groundrush (northern star) • 58km from central tanami jv plant (northern star) • high grade shoot controlled by sediments • growth potential on extensions and additional targets • recent thick intersections 200m to the south2 • 89m@0.3g/t, 43m@0.4g/t, 60m@0.5g/t 1asx 31 july 2018, 220 december 2018 **more solid results from central tanami infill drilling program** - page 1 of 10 key points second round of solid results from infill holes drilled by northern star at the central tanami project in the northern territory latest results continue to support northern star's strategy to enhance its confidence in the key groundrush deposit at **highlights for personal use only** - the groundrush deposit is hosted within a thick fractionated dolerite unit and is located approximately 40 kilometres north-east of the central tanami project treatment plant. the deposit consists of a main south plunging zone of mineralisation, two footwall **tanami region - unlocking the discovery potential** - 12moz (nem) and groundrush 1.7moz (nst) proximal to regional structures that control the major deposits divested by newmont in 2010 before they "unlocked" the geology at callie mine low exploration intensity - underexplored large scale anomalies not bedrock tested -many with coincident arsenic and/or gold anomalism **central tanami project mmp - dpir.nt** - central tanami project mmp northern star (tanami) pty ltd page 7 of 85 1. amendments a mining management plan (mmp) for this project was submitted by northern star **fifth annual report for el 7150 (talbot south)** - at groundrush, the sediments have been intruded by dolerite to quartz dolerite typically up to 50m true thickness. gold mineralisation is associated with the development of multistage quartz veining, chlorite alteration and sulphides (dominantly arsenopyrite, with minor pyrite and rare sphalerite) within the dolerite.

**jane bown executive assistant highlights for personal use only** - the groundrush southern deeps target is based on the concept that the +1 million ounce groundrush .3 deposit is one dilation zone within this plunging corridor and the southern deeps exploration target is the first of possibly multiple repeats of this dilation zone and as such, is considered by the company to be a significant exploration target. **9 february 2015 metals x to acquire 75% of central tanami ...** - within this total mineral resource, the groundrush underground resource estimate is 6.72 million tonnes at 4.8 g/t au containing 1.04 million ounces of gold (asx:tam - 7th jan 2013). the groundrush underground mine boasts an approximate 5,000 oz per vertical metre ore system over a 1.5 kilometre strike length. drilling has effectively tested the **studioafzl ebook and manual reference** - groundrush optimal control of partial differential equations: theory, methods and applications reports of cases in law and equity: from 1670 to 1706. with tables of the names of the cases and the principal matters. by the honourable richard freeman, ... revised and published by thomas dixon ... **sa explorers confereces a explorers conference tanami update** - groundrush tanami hyperion crusade east ptilotusgroundrush, tanami, hyperion, crusade, east ptilotus • intrusive-hosted late stage stockwork quartz veins, with bulk tonnage potential-t i b g lif h j ktwin bonanza, galifrey, happy jack • deposits in regolith concentrated by alluvial, eluvial or lateritic processes-titania,,,y tanami, coyote **prominent hill - the worlds next major copper-gold mine ...** - groundrush gold tanami operations gold peko project gold harts range mineral sands melville island bathurst island batchelor manganese browns oxide cobalt/nickel mud tank varriculite palm valley gas mereenie gas and oil r ai l w a y wonarah phosphate r a i l w a y tunkillia gold kalkaroo copper / gold honeymoon uranium white dam gold mindarie ... **tanami farm-in and joint venture agreement** - farm-in and joint venture agreement terms: • ramelius will pay tychean \$50,000 cash upon execution of the agreement to assist tychean facilitate the grant of the highland rocks and officer hills south exploration licences within the land package • subject to all necessary statutory and regulatory approvals plus the grant **genesis fitness cairns loyalty program** - groundrush membership see sportsbag \$50.00 - 60 min massage \$15.00 off monthly specials see sportsbag want this spot? want this spot? want this spot? want this spot? want this spot? want this spot? want this spot? free wheel rotation & alignment 45% off 1st visit email your logo and discount to processing@nqv **newmont asia pacific granites gold mine certification ...** - 39 km west of the granites, and the tanami mill, 43 km south-west of groundrush. the

---

tanami mill is currently under care and maintenance. current production comes from the high-grade callie underground mine. the mine sold 417,601 ounces of gold in 2006 and reported 1.98 million ounces of gold reserves at year-end. **exploration & development projects update** - groundrush tanami mine callie mine coyote tent hill/ slatey creek larranganni sw pargee bloodwood billiluna supplejack birrindudu tanami exploration fort hill 0 km 20 40 grassroots target delineation drill testing advanced exploration reserve development!large unexplored land position!50km long gold trend **asx announcement - tychean** - groundrush extension ela28493 ero mining has been awarded a new application considered prospective for gold mineralisation. this tenement, ela28493, lies just to the southwest, along strike from the groundrush deposit and adjacent the groundrush ml. the groundrush deposit was mined during 2000-2003 by newmont australia. **a major gold discovery set for long-term growth, 100km ...** - groundrush (ug) bombora (op) kanowna belle (ug) sons of gwalia (ug) comparison of ounces per vertical metre (ovm) between different gold deposits\* gold endowment at bombora gold discovery is right up there with many well-known gold mines this is why the underground potential is real (1,000 ovm often used as cut-off for development) **sites of conservation significance in the nt** - (groundrush) (dead bullock soak) oil & gas pipeline palm valley mereenie gas pipeline gas pipeline gas pipeline gas pipeline bayu-undan gas pipeline bullwaddy conservation reserve frew ponds historical reserve john flynn historical reserve tennant creek telegraph station historical reserve central mount stuart historical reserve mac clark ... **i l i ke spinnin zy - tendring district council** - play officer tel: 01255 686622 krichardson@tendringdc tendring district council, town hall, station road, clacton-on-sea essex. co15 1se tendringdc **n of the northern - ntlis.nt** - (groundrush) granites / tanami operations (dead bullock soak) frances creek oil & gas pipeline mereenie palm valley gas pipeline b ayu-undan gas pipeline pipeline g as bonaparte rn 5507 rn 7595 mataranka gunyangara dhalinybuy gurumuru birany birany banyala bing bong wandangula yathalamarra gochan jiny-jirra weemol rittarangu cape crawford ... **lode gold mineralization in the tanami region, northern ...** - lode-gold mineralization in the tanami region, northern australia ... smith et al. 1998), and at the groundrush (2001), minotaur (2003) and coyote (2006) deposits. in addition, significant **limited spaces available - only approved jumps eligible to ...** - • crazy jump registrations are only open to current groundrush members. • crazy jump styles must be submitted for approval by our jump masters. • registration opens wednesday 1st august 2018 • registration closes tuesday 21st august 2018 • on the day, please arrive at least 30minutes prior to your jump time to complete weigh in **by - ocpe.nt** - groundrush gold tanami operations gold peko project gold harts range mineral sands melville island bathurst island batchelor manganese browns oxide cobalt/nickel mud tank varriculite palm valley gas mereenie gas and oil r a i l w a y wonarah phosphate r a i l w a y tunkillia gold kalkaroo copper / gold honeymoon uranium white dam gold mindarie ... **247researchpapers ebook and manual reference** - title: download here a shadow on the lens ebooks 2019 [online reading] at 247researchpapers author: 247researchpapers subject: download here a shadow on the lens ebooks 2019great ebook you must read is a shadow on the lens ebooks 2019. **northern territory of australia as in force at 10 ...** - now mining additional ore bodies at dead bullock soak and groundrush in the tanami region. d. in addition to having established and operated a mine and processing plant as part of the infrastructure of the granites gold mine, newmont also maintains and operates a processing plant known as the tanami mine joint venture mill. **central tanami project - dpir.nt** - 4 proposed re-allocation nst requests that thirteen (13) approved rc holes and twenty-five (25) approved rcd drill holes be re-allocated from the groundrush work area on ml22934 to the hurricane-repulse work area on mls153, mls129, mls128, mls127 and mls126. **expressions of interest sought for non-ree assets** - projects such as callie, groundrush, buccaneer and tanami, which range from 2 - 10 million ounces," mr bauk said. "previous exploration has identified drill ready gold targets, with recently defined soil anomalies which are also untested. the gardiner-tanami project is located approximately 200km south east of halls creek on the western **ages 2015. minerals and petroleum exploration activity in ...** - minerals and petroleum exploration activity in the nt - key highlights and trends from 2014 ... • includes groundrush deposit (6.72 mt @ 4.8 g/t au) ... minerals and petroleum exploration activity in the nt - key highlights and trends from 2014 author: ian scrimgeour **2017 annual report - miningdataonline** - ml22934 resource consists of two resources - groundrush deposit (6.7million tonnes at 4.8g/t for 1,040,000) and ripcord deposit (1.1 million tonnes at 2.5g/t for 89,000oz). 10. the dates referred to in this table titles (1st january 2013) represent the date of the most recent update of a resource within this table. **st barbara limited subscribes to \$5 million placement ...** - teams in the tanami in australia (callie, granites and groundrush), as well as ghana, mauritania and east africa. trevor has worked with large companies (wmc, normandy mining), successful discovery companies (north flinders mines, east africa gold mines), small companies (australasia gold, thor **art & technique - winddance** - groundrush captures your attention. once you're in the air, use your ground check to make a quick assessment of whether you have enough altitude to complete your next intended move. if you do have the altitude, then you can return your concentration fully to your next freestyle move, knowing that you have the time to comfortably finish it. **incident flash report - fnqsafetygroup** - completing 30m & 60m rod pulls , temperature during second rod pull +43co at groundrush. immediate actions taken: signs and symptoms similar to dehydration, and treated as such at first action. attached document should be included in all subsequent safety meetings or pre-starts for greater
